

**HOTO**

# Electric Air Pump ADV

- **Fast & Convenient Inflation**, add-Air to Car Tire within 2 Minutes, quick-Attach Nozzle Design.
- **Smart Auto-Stop for Safety**, auto-Stop at Pressure Set, Five Preset Mode for Quick Start (Car/Motorbike/Bike/ Ball).
- **High-Capacity 2000mAh\*2 Battery Safeguard**, storage Temperature of -10°C-45°C, **one Charge Inflates up to 10 tires (29-35psi) or 2+ flat tire.**
- **Compact and Handy**, simplified One-Hand Operation, easily Store in pocket and glove box.
- **Built-in Tire Pressure Gauge**,  $\pm 1$ psi Pressure Monitoring, PSI/Bar two Reading Digits.
- Rechargeable with USB-C.

Five Preset Mode

Air Pressure Reader

Quick Inflation

Emergency LED light with SOS

Fits in Pocket

Car Tire Pump

Motorcycle Tire Pump

Bicycle Tire Pump

Ball Pump

## Specification

Size	Approx. 124.5X80X48 mm	Sensor accuracy	$\pm 1$ psi
Weight	Approx. 520 g	Inflation Pressure	0.2-10.3bar
Air Hose Length	20 cm	Storage temperature	-10°C~45°C
Working noise	Approx. 80 dB(A)	Battery Capacity	2000 mAh
Inflation pressure rang	0.2~10.3 bar/3 ~ 150 psi	Carton Fill (PCS)	12
Rated Input	5V=2A	Carton Dimension (CM)	33.6*22.2*19.3
Operating temperature	-10°C~45°C	Carton GW (KG)	8.5
